SUMMARY

Currently pursuing a B.Tech in Computer Science and Engineering at G H Rasoni College of Engineering and Management, Nagpur, with an expected graduation in July 2026. Gained diverse web development experience through internships, including PhoenixZone Technologies, where I contributed to creating responsive healthcare application interfaces using HTML, CSS, JavaScript, and JSP, while implementing role-based access control and integrating front-end modules with backend APIs. Proficient in HTML, CSS, JavaScript, SQL, and Pandas, with hands-on expertise in building responsive and user-friendly web designs. Committed to continuous learning and development, as demonstrated by certifications in Digital Marketing, AI, and Backend Web Development. Actively seeking entry-level roles in software development, frontend development, full-stack development, or web development to contribute to impactful projects.
